CLOSING CONFERENCE NOTES:

Were any unusual circumstances encountered such as, but not limited to, abatement problems, expected contest and/or negative employer attitude? If yes, explain below.

☐ Yes ☐ No

A closing conference was held with Mr. Leonard Fisher V.P. of Cenikor and I explained to him the file would be closed without the insuring of a citation. However, several recommendations were made as it regard the case.

1. Cenikor officials should take more of a active role in providing quality training to i.e. recognize hazards associated with the job.
2. Cenikor's contract with the different employer's should be more specific as to who is responsible for providing training, supervision, and safety.
